Mealtime Information

- **FRIDAY** evening meal – It is best to brown bag it or stop to eat before arriving at HCRC.
- **ALL SATURDAY MEALS** – Please take into consideration when planning your meals that you could have a guest eating with you and your girls. *(The Powette Staff eats at the church campsites ... And just a reminder – Men are HEARTY eaters!!!)* **Leaders, encourage the girls in your group to be good hostesses to your guests.** They should ask questions and carry on conversations so relationships can be built.

Other Helpful Suggestions

- Make absolutely sure you come prepared to tie down your tents and dining canopies.
- Camp chairs, Seat cushions or blankets are great for the evening service.
- Melt paraffin and mix with sawdust, and then pour this into a paper egg carton. Break off one section at a time and use as a fire starter.
- Use bar soap on the bottom and outside of your pans. When you wash them, the black from the fire will come off easier.
- Freeze as many of your food items as possible. Then you won't need as much ice for your ice chest. Freeze water or Kool-Aid in plastic milk cartons.
